

# COLLECTOR ENTRANCE GATE PROJECT

(Smart City Funded INR 0.70 Cr)

## PROJECT SUMMARY

The Collector office in Nashik is a 150 years old stone masonry structure displaying architectural aesthetic and engineering masterpiece.

This project involved the construction of Entrance Gate of the Collector office, Nashik, while maintaining the heritage and architectural continuity and aesthetic appeal.

The entrance was developed and designed based on the same concept to elevate the elegance of heritage appearance of the Collector Office.

- ▶ Aesthetic appeal in line with the existing old heritage architectural design.

## IMPACT
