

# RENOVATION OF NEHRU GARDEN PROJECT

(Smart City Funded INR 1.32 Cr)

## PROJECT SUMMARY

Nehru Garden is an open space cum garden, situated in the heart of the city for interacting, playing games and exercising.

Renovation of the Nehru Garden has improved the functionality of the park in spite of the park being located in a highly dense area.

This project includes work pertaining to beautification of the garden, provision of electrical infrastructure, amphitheater and etc.

Improved pathways, seating and landscaping create a more enjoyable environment for visitors.

- ▶ Renovation of the Nehru Garden has improved the facility and footfall of the park.
- ▶ Increase in green space resulted in more citizen engagement, thereby improving the quality of life.

## IMPACT
